Ref. #: Sec/N10/003/22

Date: 18th March 2022

To

The Director General
National Institute of Oceanography
Clifton Block 1, Karachi

**Subject: Tender for Construction of Boundary Wall at Gawadar (NIO Base)
Tender for supply and fixing of Razor wire (Sonmiyani)**

D/ Madam,

in connection of subjected works tenders which was uploaded on PPRA website, by NIO it is brought in your notice that above said tender is not meeting standard documents of PPRA guideline/ Rules and general Practice. We as a participant in tender raise objection, that PEC Licenses is mandatory requirement and your tender documents demanding C-6, C-5, C-4 there different category in one document, bid security is mandatory for all bidders you mention Rs.60,000/- Rs.100000/- and 2% of quoted amount of bid in one documents. I personally requested to your "Project Manager" MS. Dr. Hina to rectify the objection but no action has been taken nor rectified.

Madam one Participant of both tenders namely **M/S Zabbad Construction Company** who is brought from this tender by your staff member Dr. Talha (Tender Committee member) asking all three contractor's that work is pre-decided and goes to my company but we participate and trust your department/ transparency as you committed in last cancel tender. But unfortunately result is shocking you and your staff is in hurry which is confirming that your staff decide to award the both project to **M/S Zabbad Construction Company**. How is it possible when you open tender on dated

Date: _____

18/03/22 at 11:30 and Evaluate the (4) bidding documents in (18 hours) in which my technical documents is comprising an above 500 pages and I have Pec C-2 License (up to 1000 Million limit) and having (53) years experience in the field. I attached 530.00 millions and 182.00 millions current work orders of Federal Govt. department and relevant approximately 10 works of Boundary Wall successfully completed in my pre-qualification papers. But result is "Disqualification" (attached your technical report for reference) which your Evaluation Committee judge in (18) hours and report uploaded on PPRA in which "M/S Zabbad Construction Company" is only passed and other three companies is failed. That clearly show your office dishonestly and favoritism keeping all above in view we hope you will take Legal action and form a "grievance redressal committee" as per PPRA rule# 48 and resolve the issues. Other wise we have right to take this matter to appropriate forum.

Your actin in this regard is appreciated.
